

The Best Summers of Their Lives

MAINE'S HIGHEST RATED SUMMER CAMP

EST. 1922, WATERFORD, MAINE

There was a child went forth every day,

*And the first object he look'd upon,
that object he became...*

— *Walt Whitman*

What will your child look upon? What will she become?

Will he look upon the world on a tiny screen...

or a sky full of stars?

Welcome to the smell of pine trees,

WELCOME TO WAZI

Campers don't have to fit into a category.

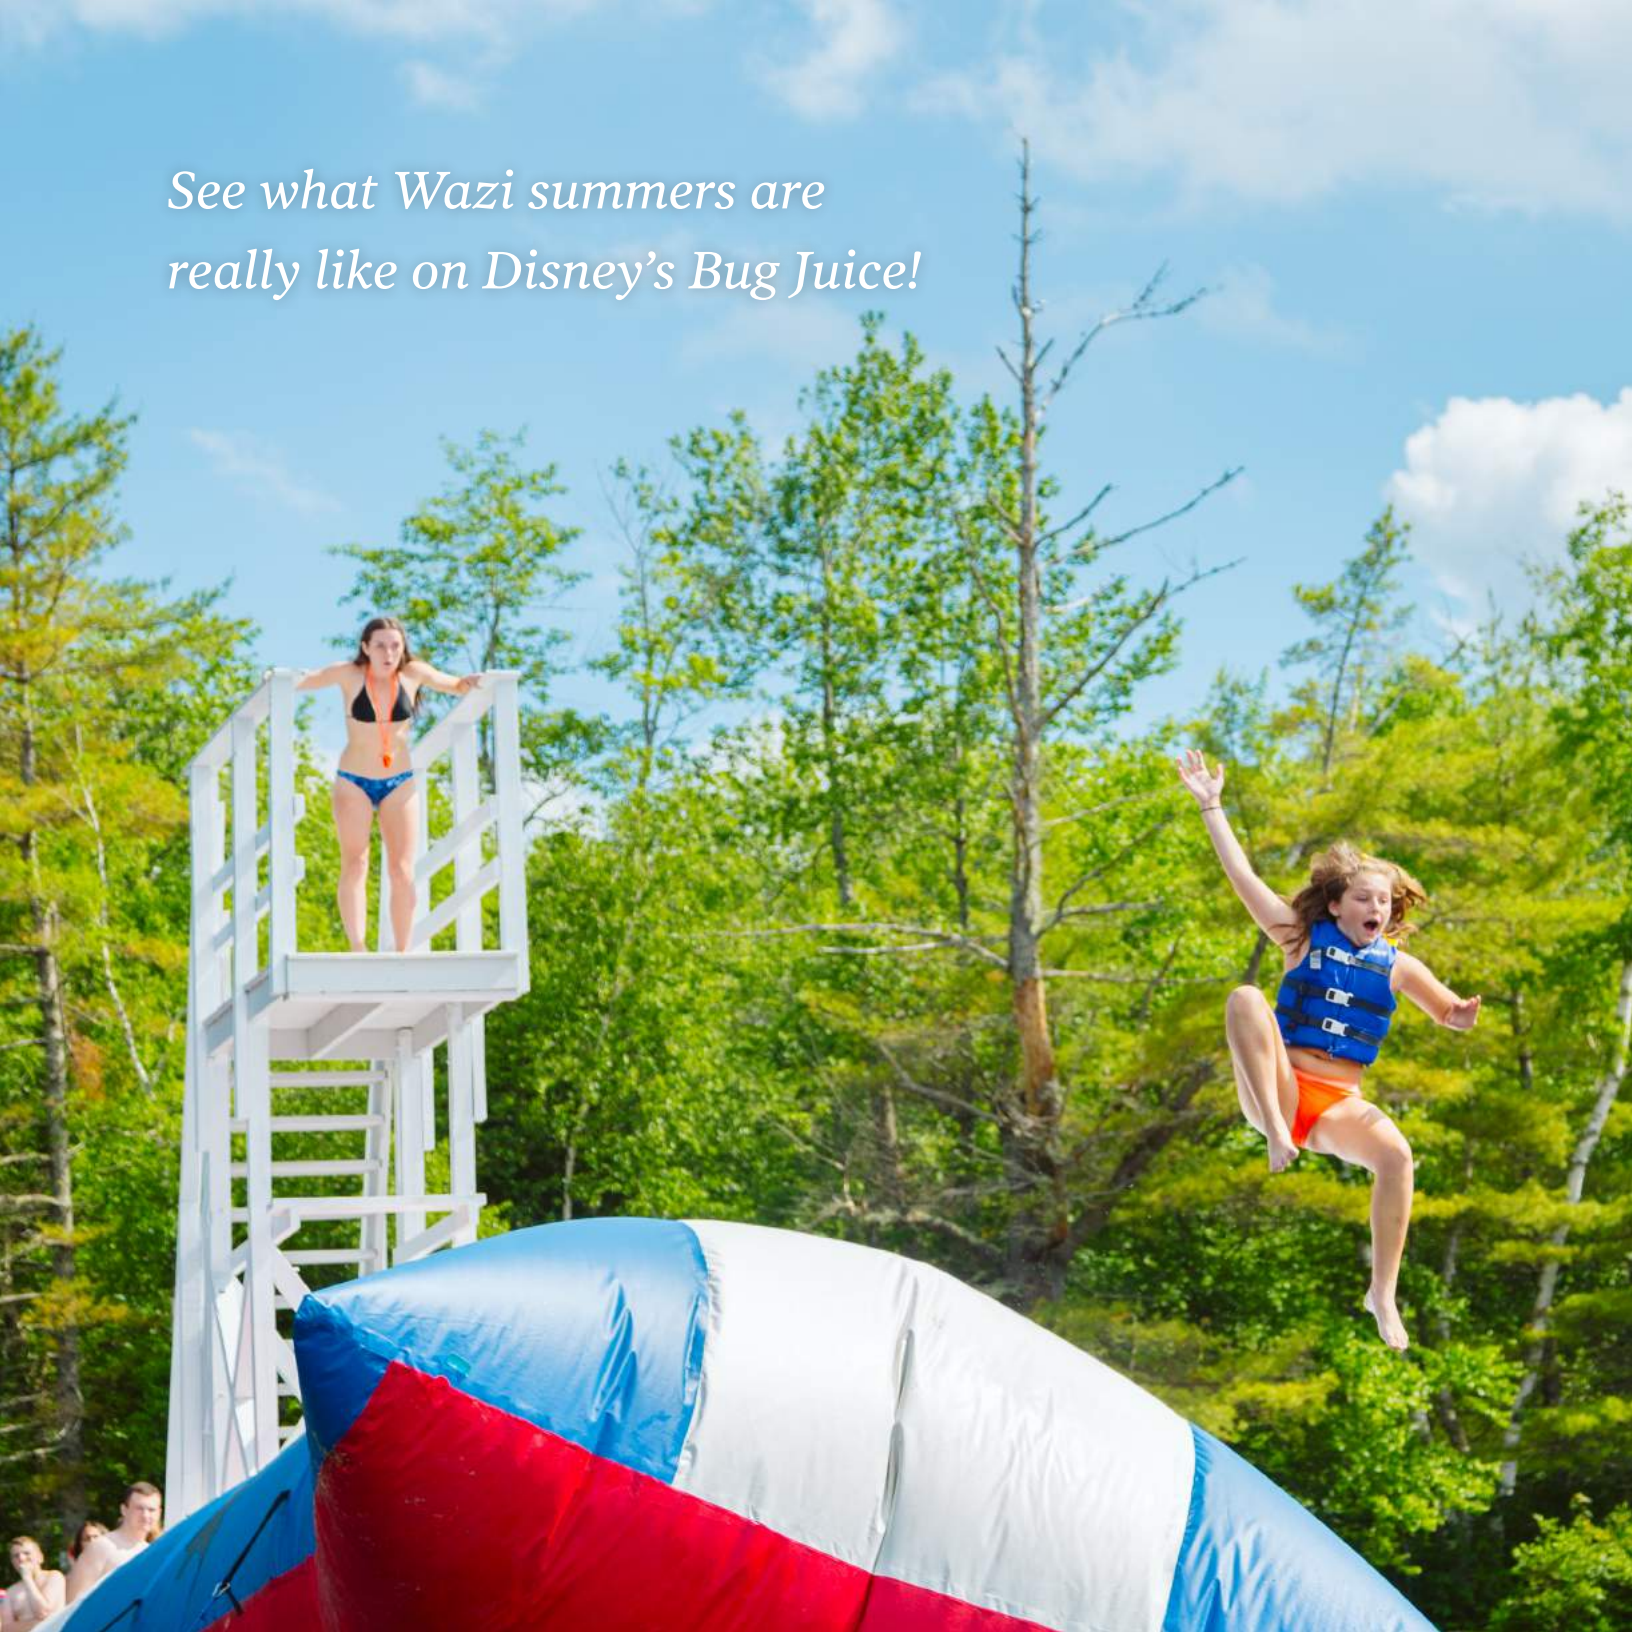

It doesn't matter if they're new or returning, athletic or artsy. Wazi is well known for our kind and welcoming atmosphere. That's why we're the **highest rated camp in Maine.**

We help kids become stronger, more independent people who learn to get along with others.

There's a timeless charm and no-tech approach at Wazi that promotes real friendships and a connection to the natural world. It truly is life-changing.

toasted marshmallows, and insect repellent.

OUR ACTIVITIES

At Wazi, campers always get the activities they choose in our Kid’s Choice Program. We crush boredom with more than thirty amazing things to try. There are camp classics like archery, the arts, water skiing and horseback riding as well as new adventures like “the blob”, high ropes and zip lining. Fun is always on the menu and the days (and nights) are just packed!

Kid’s Choice gives campers the activities they want, advancing their skills while making sure they try new things, all under the supervision of our expert instructors.

CAMP LIFE

It's almost impossible to explain the experience of being a camper at Wazi. It really is the way life should be for kids – exciting, adventurous fun in a stunningly beautiful place – where everyone is welcomed into the Wazi family.

FOOD

Three healthy meals are served each day by our chef and highly trained kitchen staff. Every meal has vegetarian options, an endless salad bar, and we can handle most food allergies and dietary restrictions.

CABINS

Life at Wazi is just the right amount of rustic. Campers form strong bonds in our simple cabins, which also house two full-time counselors and often a junior counselor.

SAFETY

Safety is always our number one priority. All safety equipment is provided for required activities. As an ACA-accredited camp, we adhere to strict safety guidelines and employ three full-time registered nurses.

LEADERSHIP & STAFF

DIRECTORS

Brothers Gregg (pictured left with his daughter) and Mitch Parker attended camp for ten consecutive summers and went on to become counselors and senior staff before taking the reins at Wazi. They have taught numerous sports and activities to children and hold a wide range of professional certifications, including CPR first aid, lifeguarding, and water safety instruction—just to name a few. Gregg is currently pursuing a Master's Degree in Developmental Psychology at Harvard University

“I knew after my first summer as camp counselor years ago that this was what I wanted to do...”

COUNSELORS

Wazi counselors are second to none. They are caring and skilled individuals with camp-related backgrounds; many of them are former campers who have completed our two-year leadership training program. Every Counselor is background checked and handpicked from applicants from all over the world.

child can go to
be a child.*

MEMORIES & FRIENDSHIP

Wazi has a no-clique atmosphere. It doesn't matter if it's your first year or your fifth, everyone is part of the bigger camp community.

We build unity from the moment campers arrive to the last day when no one really wants to go home.

No one falls through the cracks at Wazi. We make sure every camper has the kind of experience parents hope they would have.

Kids make lasting friendships, have great adventures, and experience the beautiful Maine outdoors all away from the distractions of modern technology.

“

“Words cannot express how Wazi has changed my kids lives. They have met life long friends, have become independent and have gained so much self confidence.”

PARENT

“Every single detail about this camp is beautiful. All the activities I have learned will only take me farther in life.”
